## Palo Alto Networks Academy

### Eastern Regional Conference/Certification Fest

Join us for our first annual regional academy conference for faculty, and students. Some of the session topics are on competitions, labs, certifications, next-generation security and more.

You can also take part in our new professional certification beta exams for free. Have 2 chances to pass the exam and earn your Palo Alto Networks Cybersecurity Essentials Certified credentials.

There will be sessions on setting up a Palo Alto Networks lab environment, the new curriculum and certifications coming from the Palo Alto Networks Academy program, participating and running competitions and more.

Nick Piagentini, Consulting Engineer from Palo Alto Networks will be the keynote speaker.

Register quickly at the link below seating is limited.
